PROFILE

Implementation Consultant at Aptem with earlier eLearning development experience at Relish Learning. I bring hands-on experience with learning platforms, SCORM content and Articulate Storyline, supported by a background in UX, software development and teaching. My work combines client support, reporting, data validation and clear documentation. I focus on making learning technology easier to use and translating stakeholder requirements into practical solutions.

CORE SKILLS

Learning technology Aptem, Articulate Storyline, SCORM and digital learning design

Implementation and support Client onboarding, requirements gathering, stakeholder communication, technical documentation and handover guides

Data and reporting Excel Power Query, OData, data validation, SQL, REST APIs and troubleshooting

Learner experience Usability testing, accessibility, step-by-step learning resources and assessment processes

LEARNING TECHNOLOGY EXPERIENCE

IMPLEMENTATION CONSULTANT

Aptem | May 2026 - Present

- Support clients implementing Aptem learning and employability platforms, clarifying requirements and translating them into workflows and reporting solutions.
- Build repeatable Excel Power Query and OData reports to extract, transform, and combine programme data.
- Investigate missing data and query issues, validate field mappings, and check outputs against reporting requirements.
- Create technical documentation and step-by-step handover guides covering reporting logic, query structure, and maintenance.
- Explain technical processes and reporting rules to client stakeholders in plain English.

ELEARNING DEVELOPER

Relish Learning | 2017

- Led client discovery to understand learning requirements and business objectives.
- Built SCORM-compliant eLearning packages using Articulate Storyline and custom code.
- Worked with stakeholders to translate complex subject matter into clear, structured digital learning experiences.
- Delivered learning solutions for organisations including Sainsbury’s, EY, and SDL.

FURTHER EXPERIENCE

DESIGN & TECHNOLOGY TEACHER

Thrybergh Academy | June 2025 - May 2026

- Designed and delivered structured learning across practical and technical topics.
- Created step-by-step resources and video walkthroughs for learners with different needs and confidence levels.
- Supported assessment, evidence collection, and coursework against qualification requirements.
- Introduced digital tools and explained their use clearly to support learning.

SOFTWARE DEVELOPER / UX/UI LEAD

FourJaw Manufacturing Analytics | July 2021 - May 2024

- Improved onboarding and operational workflows across web and tablet SaaS products.
- Led discovery and usability work to understand user needs, identify friction, and shape improvements.
- Worked with product and engineering to deliver new functionality and support user adoption.
- Helped modernise the frontend and introduce a design system for more consistent interfaces.
- Developed platform features in Python, Flask, MongoDB, React, and TypeScript environments; promoted to UX/UI Lead.

UX/UI DESIGNER & DEVELOPER

SoloProtect UK | January 2020 - January 2021

- Designed workflows for monitoring, alerts, and location-aware decision-making in a safety-focused platform.
- Translated UX decisions into production-ready interfaces in a C# .NET and Xamarin environment.
- Improved geolocation-led tooling for faster operational awareness.
- Worked across UX, UI, and delivery in a high-reliability context.

UX/UI DESIGNER & DEVELOPER

Databowl | January 2018 - January 2020

- Improved onboarding, setup journeys, and campaign workflows in a lead management SaaS platform.
- Built and refined Angular interfaces for complex validation and data-led tasks.
- Worked across UX and implementation to make day-to-day platform use clearer and easier to maintain.
- Contributed to product structure, workflow design, and delivery in a Postgres-backed environment.

EDUCATION

BA Graphic Design (User Experience), First Class Honours - Sheffield Hallam University

PGCE Secondary Design & Technology

3 A-Levels A-B | 10 GCSEs A*-B
